Hi John,

Hope all is well with you. I called and left a message with you on Friday. I just wanted to let you and Julie know that in light of Arthur Gil's testimony, Ms. Pellows is going to be filing a complaint with the FBI for a civil rights violation and obstruction of justice against the Defendants and the City of Warren. In light of this, I will be advising the officers tomorrow that they have Fifth Amendment rights they may want to assert. I just wanted to give you the heads up on this.

I look forward to seeing you.

Ben
